## FOLLOW HARVARD'S ALCOHOL-RELATED POLICIES FOR PRIVATE EVENTS

- ***Non-alcoholic beverages and food must be served throughout the event.*** Alcoholic beverages may not be served unless nonalcoholic beverages and food are being served at the same time. Alcohol service must cease immediately if non-alcoholic beverages and food are not available.
- Events are by personal invitation only and advertising is prohibited.
- Students who wish to host events with alcohol must be 21 years of age. If the private event is to be held in a suite, the hosts must be residents of the room in which the private event will be held.
- Host(s) must be present for the entire event, and must monitor the event and make sure there is no underage drinking.
- Tutors or other House residential staff will check in at least once throughout the course of the event.
- Noise levels from the event should not significantly disturb other members of the community.
- If the Tutor has concerns that the event is not being managed well, the Tutor will speak with the host(s) about the concerns and either require that the host(s) resolve the concerns or shut down the party.

## UNDERSTAND HARVARD'S AMNESTY POLICY

- ***When in doubt, take someone you are concerned about to UHS.***
- Students may bring an intoxicated or drug-impaired friend to UHS or to a hospital, or seek assistance from College residential life staff or HUPD, and by doing this, neither the student nor the friend will face disciplinary action from the College for having used or provided alcohol or drugs.

## MINIMIZE HIGH-RISK BEHAVIOR

- ***Provide adequate food and non-alcoholic beverages.*** Be sure to provide plenty of non-alcoholic drinks (water, club soda, sports drinks, etc.) so that attendees can stay hydrated. Food runs out very fast at events ... be sure to stock up and to have adequate supplies available during your event.
- Do not engage in competitive drinking games.
- Know what is in your drink and how strong it is, and consume responsibly if you decide to consume alcohol.
- Secure your own drinks directly from the source; do not accept open drinks from other people.

## REDUCE YOUR EVENT'S ENVIRONMENTAL IMPACT

- Recycle all cups, cans and bottles (plastic, aluminum, glass, etc.) and strategically place bins or bags for collection.
- Buy items in bulk rather than individually wrapped.
- Serve finger food such as pre-sliced fruit, cake, etc. so people can snack without requiring plates, knives or other materials.
